## COLLEGE LIFE

BEING IN SCHOOL USED TO REQUIRE STOCKING UP ON BINDERS, BOOKS AND PENS. HOWEVER, TODAY'S STUDENTS HAVE TO BE TECH-READY. FORTUNATELY, THERE IS A WIDE VARIETY OF HIGH-TECH ITEMS DESIGNED TO HELP STUDENTS MEET THEIR ACADEMIC AND LIFESTYLE NEEDS. GETTING PLUGGED IN WITH A SIX-OUTLET POWER STRIP CAN KEEP TECHNOLOGY UP AND RUNNING AND WITHSTAND THE WEAR AND TEAR OF DORM LIFE. RATHER THAN LUGGING AROUND MULTIPLE CHARGERS IN A BACKPACK, RADIO-SHACK RECOMMENDS STUDENTS USE A SINGLE ADAPTER, SUCH AS THE I-GO SIXTY-FIVE HUNDRED SERIES, TO POWER THEIR EQUIPMENT. FOR LISTENING TO MUSIC AND PODCAST LECTURES, THERE'S THE I-POD NANO AND I-POD WITH VIDEO. STUDENTS CAN ALSO ENJOY A MINI THEATER EXPERIENCE ANYWHERE WITH THE ACCURIAN NINE-INCH PORTABLE D-V-D AND T-V PLAYER. TO STORE OR TRANSFER MUSIC, PHOTOS OR DATA, USE A MEMORY STICK, SUCH AS THE SAN-DISK FLASH DRIVE. THIS DEVICE FITS ON YOUR KEYCHAIN FOR TOTAL MOBILITY AROUND CAMPUS. TO LEARN MORE ABOUT THESE PRODUCTS AND OTHERS FOR BACK-TO-SCHOOL, VISIT RADIO-SHACK--DOT--COM.
