FIRE SPRINKLERS SAVE LIVES

EVERY SEVENTY-NINE SECONDS ANOTHER HOME BURNS AND MORE PEOPLE PERISH IN HOME FIRES EVERY YEAR THAN IN ALL OTHER NATURAL DISASTERS COMBINED—BUT YOU CAN KEEP YOURS OUT OF SUCH STATISTICS. ONE OF THE BEST WAYS NEW HOME OWNERS CAN PROTECT THEIR FAMILIES IS BY INSTALLING A RESIDENTIAL FIRE SPRINKLER SYSTEM. THE NATIONAL FIRE PROTECTION ASSOCIATION RECENTLY CHANGED ITS CODES, REQUIRING THAT ALL NEW, ONE- AND TWO-FAMILY HOMES BUILT IN THE U-S INCLUDE A HOME FIRE SPRINKLER SYSTEM. THAT MEANS MORE CHOICES WHEN IT COMES TO HOME FIRE SAFETY. TO HELP, A WORLD LEADER IN FIRE PROTECTION TECHNOLOGY INTRODUCED THE FIRST BRANDED SPRINKLER SYSTEM DESIGNED SPECIFICALLY FOR HOMES. ECONOMICAL, EASY TO INSTALL AND AVAILABLE IN A VARIETY OF COLORS AND FINISHES, RAPID RESPONSE FIRE SPRINKLERS FROM TYCO FIRE AND BUILDING PRODUCTS DO WHAT SMOKE ALARMS CANNOT. THEY CONTROL AND SUPPRESS A FIRE, GIVING FAMILIES VALUABLE TIME TO ESCAPE. FIRE SPRINKLERS ARE LIKE SEAT BELTS; THEY SAVE LIVES. JUST AS TODAY YOU WOULDN'T BUY A CAR WITHOUT SEAT BELTS, SOMEDAY YOU WON'T IMAGINE BUYING A HOME WITHOUT FIRE SPRINKLERS.
